

Case Study

Tutoring Supports Special Education Learning at Foundation Academies

Tutoring drives double-digit academic growth for students in New Jersey.

Foundation Academies, the largest public charter school in Trenton, New Jersey, consists of four schools and serves over 1,000 students.

In response to negative academic growth during the 2022-2023 school year, Foundation implemented a tutoring program to provide targeted support to select students.

Using funds from the **New Jersey Learning Acceleration Program**, Foundation partnered with Tutored by Teachers (TbT) to deliver virtual, synchronous tutoring.

Students in Grades 7-12 requiring special education instruction were matched with **certified special education Teacher-Tutors**.

Students made growth in both Math in ELA on the **NJSLA**

Math Growth
on **NJSLA**

↑ **6%**

ELA Growth
on **NJSLA**

↑ **31%**

Students participating in TbT tutoring experienced increases of 31% in ELA and 6% in math as measured by the **New Jersey State Learning Assessment (NJSLA)** compared to last year.

Additionally, student engagement was high, with more than **96% of sessions showing moderate or strong engagement and an attendance rate exceeding 70%**.

Program Overview:

ELA & Math

including Special Education Support

Grades **3-12**

246
students

6 students
per tutor

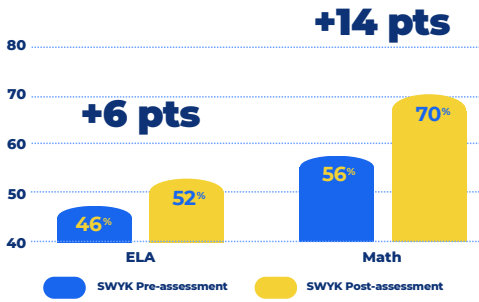

2 hours
per week

More results from Foundation Academies

Average percentile growth of Foundation Academies students on pre- and post-assessments.

Students across all grades made progress toward their academic goals in the 2023-2024 school year in both ELA and Math.

The success of tutoring throughout the year helped them to see similar success on the NJSLA.

Reimagine The Intervention Block

Tutored by Teachers' Virtual Intervention program is designed to provide K-12 students with targeted skills-based, high-dosage tutoring, aligned to Math and ELA standards.

Targeted data-based smart groups

Pre-assessment to help place students in the most supportive smart groups

Engaging, skills-based, live instruction

Post-assessment to provide summative mastery and growth data

"We're thrilled with the impact of our Tutored by Teachers' partnership. **Excited for expansion to more schools** and steadfast, focused efforts that make a difference for our kids!"

Dr. Aleesia Johnson
Superintendent
Indianapolis Public Schools

Let's Chat

Tutored by Teachers can help you **fund, design, and implement** a tutoring program from beginning to end to fit your school's needs and prioritize outcomes for students.
